

New Performance Indicators

In 2016 the DfE introduced new Performance Indicators for schools: Attainment 8 and Progress 8.

Attainment 8: the average point score across 8 subjects that must include English, Maths, Science, Geog/History/Languages and three others (NB. English and Maths are double weighted). A pupil gaining 8 A* grades in the right subjects would have an Attainment 8 score of 80, a pupil gaining 8 C grades would score 50.

Progress 8: the average score in Attainment 8 compared to pupils' expected scores based on their KS2 prior attainment (0.00 means actual attainment = expected attainment).

Further details can be accessed via the Department for Education:

A school's Attainment 8 and Progress 8 indicators take account of *all* pupils' performance across a broad range of subjects, placing equal importance on pupils who gain A* grades and those achieving lower grades.

Wadebridge School's Attainment 8, Progress 8 for 2015 and the provisional scores for 2016 are shown below. The national figures for 2015 and 2016 are included for comparison.

As you will see pupils from Wadebridge School achieved Attainment 8 scores above the national averages in 2015 and again in 2016. When the pupils' Key Stage 2 starting points are taken into account the resulting Progress 8 scores are virtually all positive and higher than the national averages for the respective pupil group. The school is especially pleased with the provisional 2016 Progress 8 score for disadvantaged pupils, this score shows a significant improvement from 2015, significantly exceeding the national average for disadvantaged pupils and closing the gap on the figure for *other* pupils.

Actual points score in that subject group minus the expected points score based on KS2 prior attainment.

A*=8, A=7, B=6, C=5, D=4, E=3, F=2, G=1

A positive score of +1.0 means the actual grade achieved was one grade higher than might have been expected, likewise a negative score of -1.0 means that the actual result was one grade lower than expected.
