

Wadebridge School

Online Safety Policy

Wadebridge School eSafety Policy

Development / Monitoring / Review of this Policy

This Online Safety policy has been developed by a working group / committee made up of:

- Senior Leaders – L Bateman
- Online Safety Officer / Coordinator / Teacher – L Springett
- Governors / Board – Andy Phippen
- IT Technical Staff – Mr L Booth

Consultation with the whole school / academy community has taken place through a range of formal and informal meetings and surveys.

Schedule for Development / Monitoring / Review

This Online Safety policy was approved by the Board of Directors / Governing Body / Governors Sub Committee on:	<i>December 2018</i>
The implementation of this Online Safety policy will be monitored by the:	<i>E-Safety Coordinator, Senior Leadership Team, Governor</i>
Monitoring will take place at regular intervals:	<i>Annually</i>
The Board of Directors / Governing Body / Governors Sub Committee will receive a report on the implementation of the Online Safety Policy generated by the monitoring group (which will include anonymous details of online safety incidents) at regular intervals:	<i>Annually</i>
The Online Safety Policy will be reviewed annually, or more regularly in the light of any significant new developments in the use of the technologies, new threats to online safety or incidents that have taken place. The next anticipated review date will be:	<i>December 2019</i>
Should serious online safety incidents take place, the following external persons / agencies should be informed:	<i>LA Safeguarding Officer Police Liaison Officer:</i>

The school will monitor the impact of the policy using:

- Logs of reported incidents
- Monitoring logs of internet activity (including sites visited) / filtering
- Internal monitoring data for network activity (by IT Technicians)
- Surveys / questionnaires of

Wadebridge School eSafety Policy

- students / pupils (Annual pupil survey)
- parents / carers
- staff

Scope of the Policy

This policy applies to all members of the Wadebridge school community (including staff, students / pupils, volunteers, parents / carers, visitors, community users) who have access to and are users of academy ICT systems, both in and out of the academy.

The Education and Inspections Act 2006 empowers Headteachers to such extent as is reasonable, to regulate the behaviour of students / pupils when they are off the academy site and empowers members of staff to impose disciplinary penalties for inappropriate behaviour. This is pertinent to incidents of cyber-bullying or other Online Safety incidents covered by this policy, which may take place outside of the academy, but is linked to membership of the academy, in which case the school will work with the police to regulate behaviour/take action. The 2011 Education Act increased these powers with regard to the searching for and of electronic devices and the deletion of data (see appendix for template policy). In the case of both acts, action can only be taken over issues covered by the published Behaviour Policy.

The academy will deal with such incidents within this policy and associated behaviour and anti-bullying policies and will, where known, inform parents / carers of incidents of inappropriate Online Safety behaviour that take place out of school.

Roles and Responsibilities

The following section outlines the online safety roles and responsibilities of individuals and groups within the academy:

Governors / Board of Directors: Andy Phippen (Designated Governor)

Governors are responsible for the approval of the Online Safety Policy and for reviewing the effectiveness of the policy. This will be carried out by the Governors regular information about online safety incidents and monitoring reports. A member of the Governing Body has

Wadebridge School eSafety Policy

taken on the role of Online Safety Governor. The role of the Online Safety Governor will include:

- regular meetings with the Online Safety Co-ordinator / Officer
- attendance at Online Safety Group meetings
- regular monitoring of online safety incident logs
- regular monitoring of filtering / change control logs
- reporting to relevant Governors

Headteacher and Senior Leaders:

Ms T Yardley (Headteacher) /Mr L Bateman (SLT)

- The Headteacher has a duty of care for ensuring the safety (including online safety) of members of the school community, though the day to day responsibility for online safety will be delegated to the Online Safety Co-ordinator.
- The Headteacher and (at least) another member of the Senior Leadership Team should be aware of the procedures to be followed in the event of a serious online safety allegation being made against a member of staff. (see flow chart on dealing with online safety incidents – included in a later section – “Responding to incidents of misuse” and relevant Local Authority HR / other relevant body disciplinary procedures).
- The Headteacher/Senior Leaders are responsible for ensuring that the Online Safety Coordinator and other relevant staff receive suitable training to enable them to carry out their online safety roles and to train other colleagues, as relevant.
- The Headteacher/Senior Leaders will ensure that there is a system in place to allow for monitoring and support of those in school who carry out the internal online safety monitoring role. This is to provide a safety net and also support to those colleagues who take on important monitoring roles
- The Senior Leadership Team will receive regular monitoring reports from the Online Safety Co-ordinator / Officer.

Online Safety Coordinator:

Mr L Springett

- leads the Online Safety Group

Wadebridge School eSafety Policy

- has a leading role in establishing and reviewing the school online safety policies / documents
- ensures that all staff are aware of the procedures that need to be followed in the event of an online safety incident taking place.
- provides training and advice for staff
- liaises with the Local Authority / relevant body
- liaises with school technical staff
- to meet with the pastoral team to review reports of online safety incidents on a regular basis to inform future online safety developments,
- meets regularly with Online Safety Governor to discuss current issues, review incident logs and filtering / change control logs
- attends relevant meeting / committee of Governors
- reports regularly to Senior Leadership Team

Network Manager: Mr L Booth

The Network Manager is responsible for ensuring:

- that the school's academy's technical infrastructure is secure and is not open to misuse or malicious attack
- that the academy meets required online safety technical requirements and any Local Authority / Academy Group / other relevant body Online Safety Policy / Guidance that may apply.
- that users may only access the networks and devices through a properly enforced password protection policy, in which passwords are regularly changed
- that the filtering policy is applied and updated on a regular basis and that its implementation is not the sole responsibility of any single person
- that they keep up to date with online safety technical information in order to effectively carry out their online safety role and to inform and update others as relevant
- that the use of the network / internet / Learning Platform / remote access / email is regularly monitored in order that any misuse / attempted misuse can be reported to the Headteacher /Senior Leader; Online Safety Coordinator for investigation / action / sanction

Wadebridge School eSafety Policy

- that monitoring software / systems are implemented and updated as agreed in school / academy policies

Teaching and Support Staff

Are responsible for ensuring that:

- they have an up to date awareness of online safety matters and of the current *academy* Online Safety Policy and practices
- they have read, understood and signed the Staff Acceptable Use Policy / Agreement (AUP)
- they report any suspected misuse or problem to the *Headteacher / Senior Leader* for investigation / action / sanction
- all digital communications with students / pupils / parents / carers should be on a professional level *and only carried out using official school systems*
- online safety issues are embedded in all aspects of the curriculum and other activities
- students / pupils understand and follow the Online Safety Policy and acceptable use policies
- students / pupils have a good understanding of research skills and the need to avoid plagiarism and uphold copyright regulations
- they monitor the use of digital technologies, mobile devices, cameras etc in lessons and other school activities (where allowed) and implement current policies with regard to these devices
- *in lessons where internet use is pre-planned students / pupils should be guided to sites checked as suitable for their use and that processes are in place for dealing with any unsuitable material that is found in internet searches*

Designated Safeguarding Lead

Mr L Bateman

Should be trained in Online Safety issues and be aware of the potential for serious child protection / safeguarding issues to arise from:

- sharing of personal data
- access to illegal / inappropriate materials
- inappropriate on-line contact with adults / strangers

Wadebridge School eSafety Policy

- potential or actual incidents of grooming
- cyber-bullying

Online Safety Group

The Online Safety Group provides a consultative group that has wide representation from the academy community, with responsibility for issues regarding online safety and the monitoring the Online Safety Policy including the impact of initiatives. Depending on the size or structure of the school / academy this group may be part of the safeguarding group. The group will also be responsible for regular reporting to the Governing Body.

Members of the Online Safety Group (or other relevant group) will assist the Online Safety Coordinator with:

- the production / review / monitoring of the school Online Safety Policy / documents.
- the production / review / monitoring of the school filtering policy (if the school chooses to have one) and requests for filtering changes.
- mapping and reviewing the online safety curricular provision – ensuring relevance, breadth and progression
- monitoring network / internet / incident logs
- consulting stakeholders – including parents / carers and the students / pupils about the online safety provision
- monitoring improvement actions identified through use of the 360 degree safe self-review tool

Students / Pupils:

- are responsible for using the academy digital technology systems in accordance with the Student / Pupil Acceptable Use Agreement
- have a good understanding of research skills and the need to avoid plagiarism and uphold copyright regulations
- need to understand the importance of reporting abuse, misuse or access to inappropriate materials and know how to do so
- will be expected to know and understand policies on the use of mobile devices and digital cameras. They should also know and understand policies on the taking / use of images and on cyber-bullying.

Wadebridge School eSafety Policy

- should understand the importance of adopting good online safety practice when using digital technologies out of school and realise that the academy's Online Safety Policy covers their actions out of school, if related to their membership of the school

Parents / Carers

Parents / Carers play a crucial role in ensuring that their children understand the need to use the internet / mobile devices in an appropriate way. The academy will take every opportunity to help parents understand these issues through parents' evenings, newsletters, letters, website and information about national / local online safety campaigns / literature. Parents and carers will be encouraged to support the academy in promoting good online safety practice and to follow guidelines on the appropriate use of:

- digital and video images taken at school events
- access to parents' sections of the website / Learning Platform and on-line student / pupil records
- their children's personal devices in the school / academy (where this is allowed)

Community Users

Community Users who access school / academy systems / website / Learning Platform as part of the wider academy will be expected to read and accept the AUP as presented on log-in prior to use.

Policy Statements

Education – Students / Pupils

Whilst regulation and technical solutions are very important, their use must be balanced by educating pupils to take a responsible approach. The education of pupils in online safety is therefore an essential part of the / academy's online safety provision. Children and young people need the help and support of the school to recognise and avoid online safety risks and build their resilience.

Online safety should be a focus in all areas of the curriculum and staff should reinforce online safety messages across the curriculum. The online safety curriculum should be broad,

Wadebridge School eSafety Policy

relevant and provide progression, with opportunities for creative activities and will be provided in the following ways:

- Planned online safety resources provided as part of Computing / PHSE / tutor sessions and reviewed regularly.
- Key online safety messages should be reinforced as part of a planned programme of assemblies and tutorial / pastoral activities
- Students / pupils should be taught in all lessons to be critically aware of the materials / content they access on-line and be guided to validate the accuracy of information.
- Students / pupils should be taught to acknowledge the source of information used and to respect copyright when using material accessed on the internet
- Students / pupils should be supported in building resilience to radicalisation by providing a safe environment for debating controversial issues and helping them to understand how they can influence and participate in decision-making.
- *Pupils should be helped to understand the need for the pupil Acceptable Use Agreement and encouraged to adopt safe and responsible use both within and outside school / academy.*
- *Staff should act as good role models in their use of digital technologies the internet and mobile devices*
- *in lessons where internet use is pre-planned, it is best practice that pupils should be guided to sites checked as suitable for their use and that processes are in place for dealing with any unsuitable material that is found in internet searches.*
- *Where pupils are allowed to freely search the internet, staff should be vigilant in monitoring the content of the websites the young people visit.*
- *It is accepted that from time to time, for good educational reasons, students may need to research topics (eg racism, drugs, and discrimination) that would normally result in internet searches being blocked. In such a situation, staff can request that the Technical Staff (or other relevant designated person) can temporarily remove those sites from the filtered list for the period of study. Any request to do so, should be auditable, with clear reasons for the need.*

Education – Parents / Carers

Many parents and carers have only a limited understanding of online safety risks and issues, yet they play an essential role in the education of their children and in the monitoring / regulation of the children's on-line behaviours. Parents may underestimate how often

Wadebridge School eSafety Policy

children and young people come across potentially harmful and inappropriate material on the internet and may be unsure about how to respond.

The academy will therefore seek to provide information and awareness to parents and carers through:

- *Letters, newsletters, web site,*
- *Parents Evenings*
- *High profile events / campaigns e.g. Safer Internet Day*
- *Reference to the relevant web sites / publications e.g. swgfl.org.uk / www.saferinternet.org.uk/ <http://www.childnet.com/parents-and-carers>*

Education – The Wider Community

The academy will provide opportunities for local community members of the community to gain from the academy's online safety knowledge and experience. This may be offered through the following:

- *Providing family learning courses in use of new digital technologies, digital literacy and online safety if requested.*
- *Online safety messages targeted towards grandparents and other relatives as well as parents.*
- *The school website will provide online safety information for the wider community*
- *Supporting community groups e.g. Early Years Settings, Child-minders, youth / sports / voluntary groups to enhance their Online Safety provision as requested.*

Education & Training – Staff / Volunteers

It is essential that all staff receive online safety training and understand their responsibilities, as outlined in this policy. Training will be offered as follows:

- A planned programme of formal online safety training will be made available to staff. This will be regularly updated and reinforced. An audit of the online safety training needs of all staff will be carried out regularly.
- All new staff should receive online safety training as part of their induction programme, ensuring that they fully understand the school / academy Online Safety Policy and Acceptable Use Agreements.

Wadebridge School eSafety Policy

- *It is expected that some staff will identify online safety as a training need within the performance management process.*
- *The Online Safety Coordinator will receive regular updates through attendance at external training events (eg from SWGfL / LA / other relevant organisations) and by reviewing guidance documents released by relevant organisations.*
- *This Online Safety Policy and its updates will be presented to and discussed by staff in staff / team meetings / INSET days.*
- *The Online Safety Coordinator (or other nominated person) will provide advice / guidance / training to individuals as required.*

Training – Governors / Directors

Governors should take part in online safety training / awareness sessions, with particular importance for those who are members of any subcommittee / group involved in technology / online safety / health and safety / safeguarding. This may be offered in a number of ways:

- Attendance at training provided by the Local Authority / National Governors Association / or other relevant organisation (e.g. SWGfL).
- Participation in school / academy training / information sessions for staff or parents.

Technical – infrastructure / equipment, filtering and monitoring

The academy will be responsible for ensuring that the academy infrastructure / network is as safe and secure as is reasonably possible and that policies and procedures approved within this policy are implemented. It will also need to ensure that the relevant people named in the above sections will be effective in carrying out their online safety responsibilities:

- Academy technical systems will be managed in ways that ensure that the academy meets recommended technical requirements
- There will be regular reviews and audits of the safety and security of academy technical systems
- Servers, wireless systems and cabling must be securely located and physical access restricted

Wadebridge School eSafety Policy

- All users will have clearly defined access rights to academy technical systems and devices.
- All users will be provided with a username and secure password by L Booth who will keep an up to date record of users and their usernames. Users are responsible for the security of their username and password
- The “master / administrator” passwords for the academy ICT system, used by the Network Manager (or other person) must also be available to the *Headteacher* or other nominated senior leader and kept in a secure place (eg school / academy safe)
- The Network Manager is responsible for ensuring that software licence logs are accurate and up to date and that regular checks are made to reconcile the number of licences purchased against the number of software installations
- **Internet access is filtered for all users.** Illegal content (child sexual abuse images) is filtered by the broadband or filtering provider by actively employing the Internet Watch Foundation CAIC list. Content lists are regularly updated and internet use is logged and regularly monitored. There is a clear process in place to deal with requests for filtering changes.
- Internet filtering should ensure that children are safe from terrorist and extremist material when accessing the internet.
- *The academy has provided enhanced / differentiated user-level filtering*
- *Academy technical staff regularly monitor and record the activity of users on the school technical systems and users are made aware of this in the Acceptable Use Agreement.*
- *An appropriate system is in place for users to report any actual / potential technical incident / security breach to the relevant person, as agreed (Helpdesk, phone, email services)*
- Appropriate security measures are in place to protect the servers, firewalls, routers, wireless systems, workstations, mobile devices etc from accidental or malicious attempts which might threaten the security of the school systems and data. These are tested regularly. The school infrastructure and individual workstations are protected by up to date virus software.
- An agreed policy is in place for the provision of temporary access of “guests” (eg trainee teachers, supply teachers, visitors) onto the school systems.
- *An agreed policy is in place regarding the extent of personal use that users (staff / students / pupils / community users) and their family members are allowed on school devices that may be used out of school.*
- *An agreed policy is in place that allows staff to / forbids staff from downloading executable files and installing programmes on school devices.*

Wadebridge School eSafety Policy

- *An agreed policy is in place regarding the use of removable media (eg memory sticks / CDs / DVDs) by users on school devices.*

Mobile Technologies (including BYOD/BYOT)

Mobile technology devices may be school owned/provided or personally owned and might include: smartphone, tablet, notebook / laptop or other technology that usually has the capability of utilising the school's wireless network. The device then has access to the wider internet which may include the school's learning platform and other cloud based services such as email and data storage.

All users should understand that the primary purpose of the use mobile / personal devices in a school context is educational. The mobile technologies policy should be consistent with and inter-related to other relevant school policies including but not limited to the Safeguarding Policy, Behaviour Policy, Bullying Policy, Acceptable Use Policy, and policies around theft or malicious damage. Teaching about the safe and appropriate use of mobile technologies should be an integral part of the school's Online Safety education programme.

- **The school Acceptable Use Agreements for staff, pupils/students and parents/carers will give consideration to the use of mobile technologies**

Wadebridge School eSafety Policy

- The school allows:

	School Devices			Personal Devices			
	School owned for single user	School owned for multiple users	Authorised device ¹	Student owned (KS5)	Student owned (KS3/4)	Staff owned	Visitor owned
Allowed in school	Yes	Yes	Yes	Yes	Yes	Yes	Yes
Full network access	Yes	Yes	Yes	No	No	No	No
Internet only	Yes	Yes	Yes	Yes	No	Yes	Yes
No network access	Yes	Yes	Yes	Yes	Yes	Yes	Yes

¹ Authorised device – purchased by the pupil/family through a school-organised scheme. This device may be given full access to the network as if it were owned by the school.

Wadebridge School eSafety Policy

Use of digital and video images

The development of digital imaging technologies has created significant benefits to learning, allowing staff and pupils instant use of images that they have recorded themselves or downloaded from the internet. However, staff, parents / carers and students / pupils need to be aware of the risks associated with publishing digital images on the internet. Such images may provide avenues for cyberbullying to take place. Digital images may remain available on the internet forever and may cause harm or embarrassment to individuals in the short or longer term. It is common for employers to carry out internet searches for information about potential and existing employees. The school will inform and educate users about these risks and will implement policies to reduce the likelihood of the potential for harm:

- When using digital images, staff should inform and educate students / pupils about the risks associated with the taking, use, sharing, publication and distribution of images. In particular they should recognise the risks attached to publishing their own images on the internet e.g. on social networking sites.
- Written permission from parents or carers will be obtained before photographs of students / pupils are published on the school website / social media / local press (covered as part of the AUA signed by parents or carers at the start of the year - see Parents / Carers Acceptable Use Agreement in the appendix)
- In accordance with guidance from the Information Commissioner's Office, parents / carers are welcome to take videos and digital images of their children at academy events for their own personal use (as such use is not covered by the Data Protection Act). To respect everyone's privacy and in some cases protection, these images should not be published / made publicly available on social networking sites, nor should parents / carers comment on any activities involving other pupils in the digital / video images.
- Staff and volunteers are allowed to take digital / video images to support educational aims, but must follow school academy policies concerning the sharing, distribution and publication of those images. Those images should only be taken on school / academy equipment, the personal equipment of staff should not be used for such purposes.

Wadebridge School eSafety Policy

- Care should be taken when taking digital / video images that pupils are appropriately dressed and are not participating in activities that might bring the individuals or the academy into disrepute.
- Pupils must not take, use, share, publish or distribute images of others without their permission
- Photographs published on the website, or elsewhere that include pupils will be selected carefully and will comply with good practice guidance on the use of such images.
- Pupils' full names will not be used anywhere on a website or blog, particularly in association with photographs.

Data Protection

Personal data will be recorded, processed, transferred and made available according to the Data Protection Act 1998 which states that personal data must be:

- Fairly and lawfully processed
- Processed for limited purposes
- Adequate, relevant and not excessive
- Accurate
- Kept no longer than is necessary
- Processed in accordance with the data subject's rights
- Secure
- Only transferred to others with adequate protection.

The school / academy must ensure that:

- It will hold the minimum personal data necessary to enable it to perform its function and it will not hold it for longer than necessary for the purposes it was collected for.
- Every effort will be made to ensure that data held is accurate, up to date and that inaccuracies are corrected without unnecessary delay.
- All personal data will be fairly obtained in accordance with the "Privacy Notice" and lawfully processed in accordance with the "Conditions for Processing".
- It has a Data Protection Policy
- It is registered as a Data Controller for the purposes of the Data Protection Act (DPA)

Wadebridge School eSafety Policy

- Responsible persons are appointed / identified - Senior Information Risk Officer (SIRO) and Information Asset Owners (IAOs)
- Risk assessments are carried out
- It has clear and understood arrangements for the security, storage and transfer of personal data
- Data subjects have rights of access and there are clear procedures for this to be obtained
- There are clear and understood policies and routines for the deletion and disposal of data
- There is a policy for reporting, logging, managing and recovering from information risk incidents
- There are clear Data Protection clauses in all contracts where personal data may be passed to third parties
- There are clear policies about the use of cloud storage / cloud computing which ensure that such data transfer / storage meets the requirements laid down by the Information Commissioner's Office.

Staff must ensure that they:

- At all times take care to ensure the safe keeping of personal data, minimising the risk of its loss or misuse.
- Use personal data only on secure password protected computers and other devices, ensuring that they are properly "logged-off" at the end of any session in which they are using personal data.
- Transfer data using encryption and secure password protected devices.

Communications

A wide range of rapidly developing communications technologies has the potential to enhance learning. The following table shows how the school currently considers the benefit of using these technologies for education outweighs their risks / disadvantages:

Wadebridge School eSafety Policy

	Staff & other adults				Students / Pupils			
	Allowed	Allowed at certain times	Allowed for selected staff	Not allowed	Allowed	Allowed at certain times	Allowed with staff permission	Not allowed
Communication Technologies								
Mobile phones may be brought to the school / academy	x				x			
Use of mobile phones in lessons				x			x	
Use of mobile phones in social time	x					X ¹		
Taking photos on mobile phones / cameras		x					x	
Use of other mobile devices e.g. tablets, gaming devices	x						x	
Use of personal email addresses in school / academy , or on school / academy network		x				X ¹		
Use of school / academy email for personal emails				x				x
Use of messaging apps		x				X ²		
Use of social media		x				X ²		
Use of blogs		x				X ²		

1. Year 11 and 6th Form Pupils.
2. 6th Form pupils

When using communication technologies the academy considers the following as good practice:

- Users must immediately report, to the nominated person – in accordance with the academy policy, the receipt of any communication that makes them feel uncomfortable, is offensive, discriminatory, threatening or bullying in nature and must not respond to any such communication.

Wadebridge School eSafety Policy

- Any digital communication between staff and students / pupils or parents / carers (email, social media, chat, blogs, VLE etc) must be professional in tone and content. *These communications may only take place on official (monitored) academy systems. Personal email addresses, text messaging or social media must not be used for these communications.*
- *Pupils should be taught about online safety issues, such as the risks attached to the sharing of personal details. They should also be taught strategies to deal with inappropriate communications and be reminded of the need to communicate appropriately when using digital technologies.*
- *Personal information should not be posted on the school / academy website and only official email addresses should be used to identify members of staff.*

Social Media - Protecting Professional Identity

All schools, academies and local authorities have a duty of care to provide a safe learning environment for pupils and staff. Schools/academies and local authorities could be held responsible, indirectly for acts of their employees in the course of their employment. Staff members who harass, cyberbully, discriminate on the grounds of sex, race or disability or who defame a third party may render the academy or local authority / academy group liable to the injured party. Reasonable steps to prevent predictable harm must be in place.

The academy provides the following measures to ensure reasonable steps are in place to minimize risk of harm to pupils, staff and the school through:

- Ensuring that personal information is not published
- Training is provided including: acceptable use; social media risks; checking of settings; data protection; reporting issues.
- Clear reporting guidance, including responsibilities, procedures and sanctions
- Risk assessment, including legal risk

Academy staff should ensure that:

- No reference should be made in social media to students / pupils, parents / carers or academy staff
- They do not engage in online discussion on personal matters relating to members of the school community
- Personal opinions should not be attributed to the academy or local authority

Wadebridge School eSafety Policy

- Security settings on personal social media profiles are regularly checked to minimise risk of loss of personal information

When official academy social media accounts are established there should be:

- *A process for approval by senior leaders*
- *Clear processes for the administration and monitoring of these accounts – involving at least two members of staff*
- *A code of behaviour for users of the accounts, including*
- *Systems for reporting and dealing with abuse and misuse*
- *Understanding of how incidents may be dealt with under academy disciplinary procedures*

Personal Use:

- Personal communications are those made via a personal social media accounts. In all cases, where a personal account is used which associates itself with the academy or impacts on the academy, it must be made clear that the member of staff is not communicating on behalf of the academy with an appropriate disclaimer. Such personal communications are within the scope of this policy
- Personal communications which do not refer to or impact upon the school are outside the scope of this policy
- Where excessive personal use of social media in school is suspected, and considered to be interfering with relevant duties, disciplinary action may be taken
- The academy permits reasonable and appropriate access to private social media sites

Monitoring of Public Social Media

- As part of active social media engagement, it is considered good practice to pro-actively monitor the Internet for public postings about the school
- The school should effectively respond to social media comments made by others according to a defined policy or process

The academy's use of social media for professional purposes will be checked regularly by the Network Manager and Online Safety Group to ensure compliance with the school policies.

Wadebridge School eSafety Policy

Unsuitable / inappropriate activities

Some internet activity e.g. accessing child abuse images or distributing racist material is illegal and would obviously be banned from academy and all other technical systems. Other activities e.g. cyber-bullying would be banned and could lead to criminal prosecution. There are however a range of activities which may, generally, be legal but would be inappropriate in an academy context, either because of the age of the users or the nature of those activities.

The school / academy believes that the activities referred to in the following section would be inappropriate in a academy context and that users, as defined below, should not engage in these activities in / or outside the school / academy when using academy equipment or systems. The academy policy restricts usage as follows:

User Actions		Acceptable	Acceptable at certain times	Acceptable for nominated users	Unacceptable	Unacceptable and illegal
Users shall not visit Internet sites, make, post, download, upload, data transfer, communicate or pass on, material, remarks, proposals or comments that contain or relate to:	Child sexual abuse images –The making, production or distribution of indecent images of children. Contrary to The Protection of Children Act 1978					X
	Grooming, incitement, arrangement or facilitation of sexual acts against children Contrary to the Sexual Offences Act 2003.					X
	Possession of an extreme pornographic image (grossly offensive, disgusting or otherwise of an obscene character) Contrary to the Criminal Justice and Immigration Act 2008					X
	Criminally racist material in UK – to stir up religious hatred (or hatred on the grounds of sexual orientation) - contrary to the Public Order Act 1986					X
	Pornography				X	
	Promotion of any kind of discrimination				X	
	threatening behaviour, including promotion of physical violence or mental harm				X	

Wadebridge School eSafety Policy

Promotion of extremism or terrorism				X	
Any other information which may be offensive to colleagues or breaches the integrity of the ethos of the school or brings the school into disrepute				X	
Using school systems to run a private business				X	
Using systems, applications, websites or other mechanisms that bypass the filtering or other safeguards employed by the school / academy				X	
Infringing copyright				X	
Revealing or publicising confidential or proprietary information (eg financial / personal information, databases, computer / network access codes and passwords)				X	
Creating or propagating computer viruses or other harmful files				X	
Unfair usage (downloading / uploading large files that hinders others in their use of the internet)				X	
On-line gaming (educational)				X	
On-line gaming (non-educational)				X	
On-line gambling				X	
On-line shopping / commerce				X	
File sharing				X	
Use of social media (Sixth form allowed access via personal device)			X		
Use of messaging apps				X	
Use of video broadcasting e.g. Youtube			X		

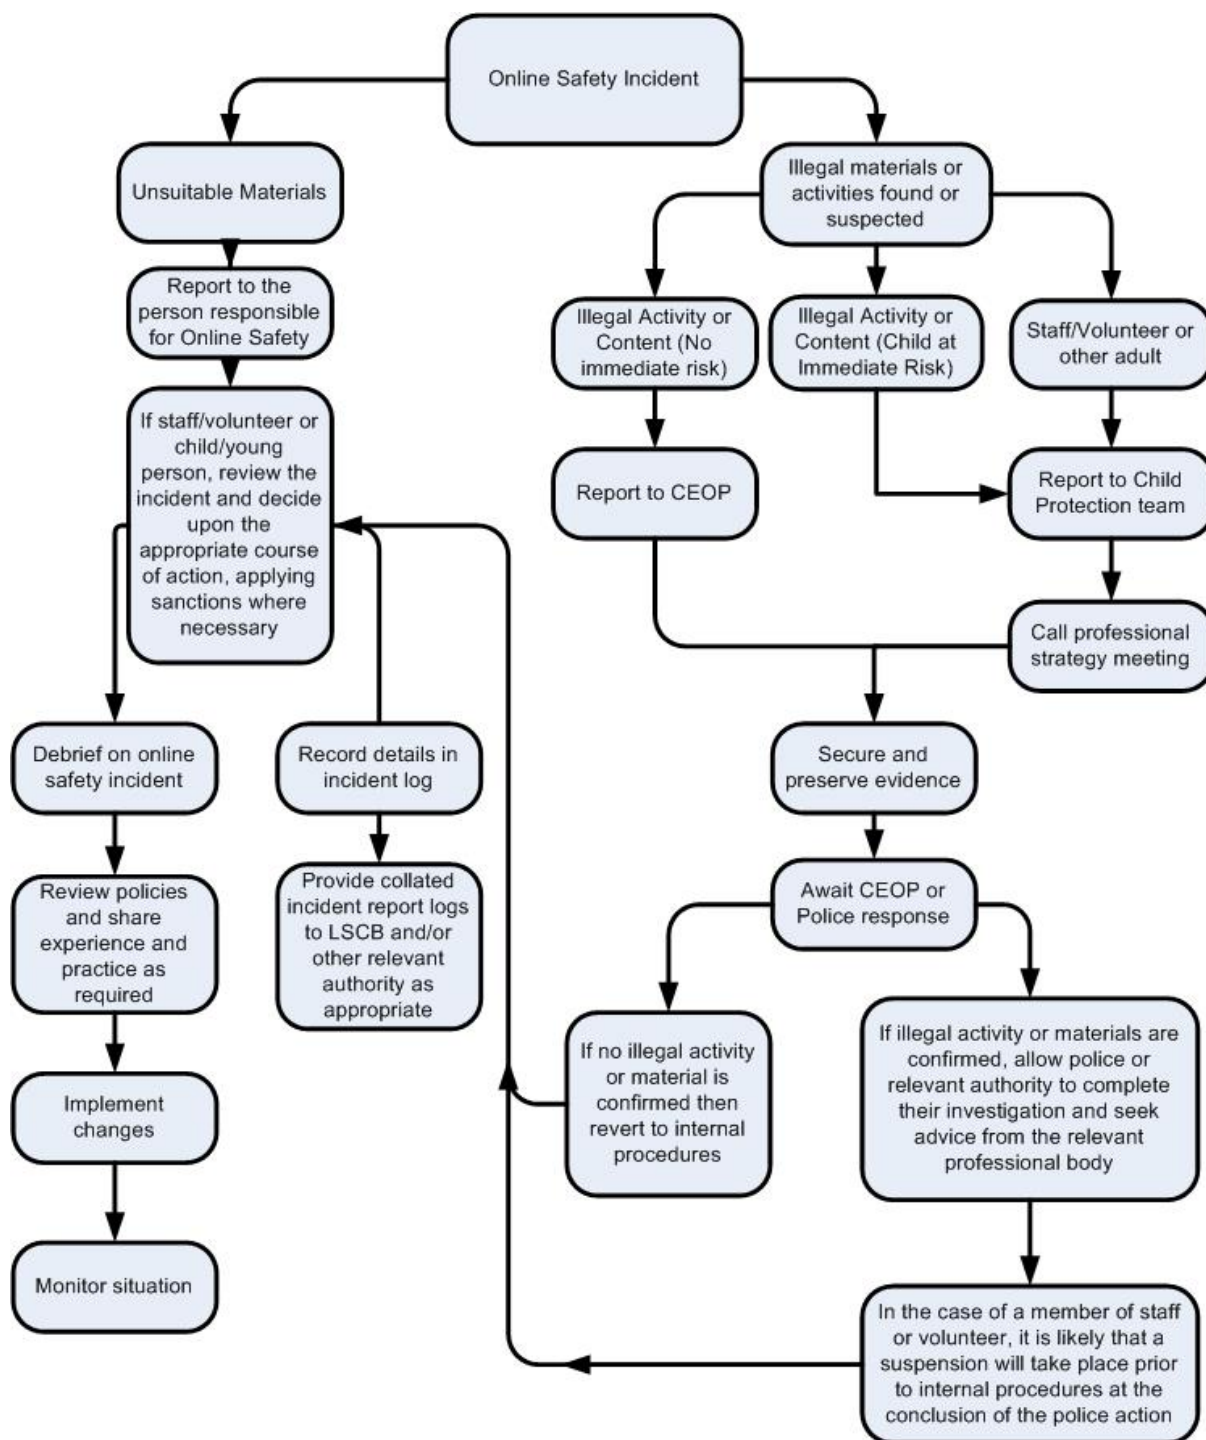

Responding to incidents of misuse

This guidance is intended for use when staff need to manage incidents that involve the use of online services. It encourages a safe and secure approach to the management of the incident. Incidents might involve illegal or inappropriate activities (see "User Actions" above).

Wadebridge School eSafety Policy

Illegal Incidents

If there is any suspicion that the web site(s) concerned may contain child abuse images, or if there is any other suspected illegal activity, refer to the right hand side of the Flowchart (below and appendix) for responding to online safety incidents and report immediately to the police.

Wadebridge School eSafety Policy

Other Incidents

It is hoped that all members of the academy community will be responsible users of digital technologies, who understand and follow academy policy. However, there may be times when infringements of the policy could take place, through careless or irresponsible or, very rarely, through deliberate misuse.

In the event of suspicion, all steps in this procedure should be followed:

- Have more than one senior member of staff / volunteer involved in this process. This is vital to protect individuals if accusations are subsequently reported.
- Conduct the procedure using a designated computer that will not be used by young people and if necessary can be taken off site by the police should the need arise. Use the same computer for the duration of the procedure.
- It is important to ensure that the relevant staff should have appropriate internet access to conduct the procedure, but also that the sites and content visited are closely monitored and recorded (to provide further protection).
- Record the URL of any site containing the alleged misuse and describe the nature of the content causing concern. It may also be necessary to record and store screenshots of the content on the machine being used for investigation. These may be printed, signed and attached to the form (except in the case of images of child sexual abuse – see below)
- Once this has been completed and fully investigated the group will need to judge whether this concern has substance or not. If it does then appropriate action will be required and could include the following:
 - Internal response or discipline procedures
 - Involvement by Local Authority / Academy Group or national / local organisation (as relevant).
 - Police involvement and/or action
- **If content being reviewed includes images of Child abuse then the monitoring should be halted and referred to the Police immediately. Other instances to report to the police would include:**
 - incidents of 'grooming' behaviour
 - the sending of obscene materials to a child
 - adult material which potentially breaches the Obscene Publications Act
 - criminally racist material

Wadebridge School eSafety Policy

- promotion of terrorism or extremism
- other criminal conduct, activity or materials
- Isolate the computer in question as best you can. Any change to its state may hinder a later police investigation.

It is important that all of the above steps are taken as they will provide an evidence trail for the academy and possibly the police and demonstrate that visits to these sites were carried out for safeguarding purposes. The completed form should be retained by the group for evidence and reference purposes.

School / Academy Actions & Sanctions

It is more likely that the academy will need to deal with incidents that involve inappropriate rather than illegal misuse. It is important that any incidents are dealt with as soon as possible in a proportionate manner, and that members of the school community are aware that incidents have been dealt with. It is intended that incidents of misuse will be dealt with through normal behaviour / disciplinary procedures as follows:

Students / Pupils Incidents	Actions / Sanctions								
	Refer to class teacher / tutor	Refer to Head of Department / Year / other	Refer to Headteacher / Principal	Refer to Police	Refer to technical support staff for action re filtering / security etc.	Inform parents / carers	Removal of network / internet access rights	Warning	Further sanction eg detention / exclusion
Deliberately accessing or trying to access material that could be considered illegal (see list in earlier section on unsuitable / inappropriate activities).		X	X	X		X	X	X	X
Unauthorised use of non-educational sites during lessons	X	X			X		X	X	X

Wadebridge School eSafety Policy

Unauthorised / inappropriate use of mobile phone / digital camera / other mobile device	X	x	x	X		x		x	x
Unauthorised / inappropriate use of social media / messaging apps / personal email					x		x	x	x
Unauthorised downloading or uploading of files	X				x		x	x	x
Allowing others to access school / academy network by sharing username and passwords	X				x		x	x	x
