

Bringing children's services together

Under 'One Vision', the multi-agency partnership plan for children, young people and their families, all the agencies working with children in Cornwall believe that greater integration is the best way of improving the effectiveness of services. In order to achieve this, the Council is in the process of bringing all its children's services together under an Integrated Children's Services Directorate.

Transfer of services

On 1 April 2019 Public Health Nursing (Health Visiting, School Nursing and some Specialist Speech and Language Therapy) will transfer into Cornwall Council from Cornwall Partnership NHS Foundation Trust (CFT). This is the beginning of a wider programme to integrate education, early years, children's community health, early help and social care services.

What will it mean for me and my child/children?

The services you and your child/children currently receive will remain the same and will continue to be provided by the same staff. In order to ensure continuity of service, a copy of your and your child/children's electronic and paper records will be transferred to the Council's secure children's system. Your information will be transferred in a secure manner and access will be restricted, as it is now. Records will be held for the same retention and disposal periods.

Our services will remain the same and will continue to be provided by the same staff
