

Wadebridge School Former Students

Callum Wilson

Class of 2014

Business & Sales

Management

Further Education

Apprenticeship in Sales with WISKA UK Ltd

Truro College - Level 2 Customer Service Course

Callum says...

I chose an Apprenticeship because it gave me the opportunity to learn whilst I work. I can use what I'm learning as an apprentice in my work and that helps me to relate it to the working environment. It helps me focus more as I'm not in the class room but am using my new skills each day.

What I'm finding hard about being an apprentice is that I have had to change my daily structure by thinking more by myself rather than being told what to do by a teacher. This is great for my Professional development though!

...try your best

Looking back on Year 11 I think I would say enjoy it and try your best. I should have chosen a Business course at GCSE as it would have benefited me now and in future opportunities. I have had many careers meetings and I would encourage people to seek advice.
