Year 11 Make the Most of Your Opportunities

Year 11 is an important year, and there is plenty of support available to help you feel confident, prepared and successful. Alongside your lessons, we have a range of after-school opportunities designed to help you strengthen your knowledge, tackle tricky topics, complete practice questions and get extra support from your teachers. Take a look at the opportunities available and choose the sessions that will make the biggest difference to you. Remember, you don't need to attend everything – focus on the subjects and topics where you need the most support, while still making time to relax and recharge.
