**Higher Apprenticeship with North
Cornwall Advertiser**

I studied Media at college and was really pleased to achieve a Triple Distinction Star in my BTEC Diploma. I also took A Level Graphics & Illustration where I achieved an A. These results enabled me to find a placement to do a Higher Apprenticeship where I can put my new skills into practice.

I am currently working in the Production team at N.C.A. where I am responsible for designing and editing adverts; producing visuals for the sales representatives and designing page layouts for the paper. I really enjoy my work and it's great that I can continue to improve my skills in the workplace.

...set goals

My advice for Year 11 is to set yourself goals and work hard to reach them. Don't get distracted by what others are doing, just put your head down and get on with it. Also, complete work on time or else it all piles up and becomes more difficult to cope with.
