

OCR Creation iMedia for Year 9, 10 and 11

Year 9 should watch the theory videos and make detailed notes in their orange books using the video link in the online resource area (accessed via Students / Curriculum Resources) on the school website along with making use of the additional resources to check their knowledge, which includes:

- Full/mixed past papers – full selection of mixed question past papers and paper by topics with mark scheme to attempt and check progress.
- Video Theory – Range of videos to watch/produce notes and complete knowledge organisers with for all content of the exam.
- Interactive multiple choice (Quizzes) – short/self-marking multiple-choice question (like those in the actual exam) that provide feedback on incorrect answers.
- Key term learn & test (quizlet) – digital flash cards that are used along with different question types to support learning on key terms for all topics.
- Topic theory notes – digital version of lesson resources which can be used along with the printed revision guide to complete knowledge organiser, mind-maps, etc.

Years 10 & 11 should use the above along with any information/resource provided in lesson along with guidance/links provided on classcharts as homework for Year 10 and 11 (Set calendar date range to due end of June/Exam Date on homework page of app)
