Options Assembly 2025

Very important to remember

Your option forms show your **preference** and can not be guaranteed

However:

In 2025 NO students had to take a subject that was not on their form at all (3 had to take their reserve)

Reasons we can't guarantee your preferences

To run a subject it needs to have enough students

Some subjects have large numbers of students and are available on every block so every student can have a place in these

Some subjects have smaller numbers and we can only offer one class in one block

If you choose 2 subjects which only have one class in the same block they clash and you will have to choose which you prefer

Do choose a subject

- ✓ You enjoy.
- ✓ You are good at.
- ✓ After talking to your teachers.
- ✓ After talking to your parents.
- ✓ That may help you in the future.

X

Don't choose a subject

- x Just because your friend does.**
- x Just because you like the teacher.**
- x Because you think it's easy.**
