

Class of 2021 Celebrate their Success

After surviving another year of disruption to their studies, adapting to blended learning and then undertaking formal assessments, the hard-working Year 11 students of 2021, and their parents and carers, have finally reached the milestone of receiving their results and are able to celebrate their success with staff, family and friends.

As you know, exams this year were cancelled by the government in January and replaced by a process of Teacher Assessed Grades (TAGs) in order to grade students. The TAGs we submitted were in line with our Centre Policy, which was approved by the exam boards. We also had to send a sample of our evidence and grading to the exam boards as part of a quality assurance check. More information about how this year's grades were calculated, including Wadebridge School's policies on this, can be accessed here: <https://www.wadebridge.cornwall.sch.uk/our-school/exams>

Much is likely to be written in the press about this year's results but what must not be forgotten is that the Class of 2021 worked incredibly hard in the face of very challenging circumstances and they deserve a huge well done and many congratulations from everybody.

We are very proud of their achievements and want to congratulate every student who has received their results today and this extends to some students in Year 10, as they have also had to experience the nerves of opening results for the first time!

For a second year we have not been able to formally mark and celebrate with our students the end of their time here at Wadebridge School, but no one is forgotten and their talent, work ethic and sense of humour, despite the pandemic, will stand them in good stead as they move onto their chosen pathway and the next exciting steps in their lives in September.

We wish them every success and happiness.
