Staying well during revision and exams

We asked young people to give us some wellbeing advice for exam time and this is what they told us:

- 1. Always take a moment just to breathe, whether in the exam, before or after.
- 6. Remember that results do not define you.
- 2. Remember that school does offer support, just reach out and ask!
- 7. Find a revision space and style that works for you: silence, background chatter, music with or without lyrics.
- **5.** Keep your work balanced. Spend time revising, but socialise and relax too.
- Work to your own pace everyone is different in how they work.
- 4. Keep a self-care routine so that your revision is the most productive it can be whilst you feel as good as possible.
- 9. If you feel nervous about the time pressure of an exam, practice timing yourself when you revise, or try some test papers.
- 5. Break up revision with food and exercise to make sure you stay energised.
- 10. Plan in some treats to reward yourself, and celebrate when it's all over!
